Housewives Benefit By Food Price Reduction
Chester Bowles, General Manager of the Office of Price Administration, after consulting with many business and trade groups has announced a new program for OPA to reduce food and other living costs to American housewives.

Since May of this year food prices have gradually decreased and today living costs are approximately only 5.6 per cent above the level of September, 1942. This is a reduction of 1 1/2 per cent in the last three months.

Mr. Bowles announced that apples will drop to approximately nine cents a pound on a national average. This will represent at least a seventeen per cent decrease. However, in some localities apples are selling around 15 cents a pound. This would mean an even greater decrease in these communities.

Onion prices will be reduced approximately twenty-five per cent to an average of six cents a pound for top grade.

Potatoes, now selling for four cents a pound will be reduced to an average of 3 1/2 cents.

Oranges will be reduced from an annual average of 11.2 cents a pound to about 9.7 cents a pound.

Peanut butter now averaging 33 1/3 cents a pound should be reduced to 26 2/3 cents.

Lard and vegetable oils are expected to be reduced one cent a pound for each item.

This prompt reduction in the price of apples, oranges, potatoes, lard, vegetable oil and peanut butter will mean a saving of millions of dollars to our American consuming public.

Other plans will soon be completed on an over-all winter vegetable program which will bring the cost of practically all vegetables below the price level of last winter by about 15 per cent.

These moves furthering OPA's "Hold the Line" drive are certain to prove beneficial to very American pocketbook and his daily menu. This is especially true if he heeds wholeheartedly the OPA rationing provisions and price ceilings.

PARADE TO OPEN WAR FUND DRIVE

Participants to Meet At Bay High School Monday at 2:30 P. M.

Officers Civilian Defense met with Walter J. Gex, county chairman National War Fund Drive and the block leaders Citizens Service Corps and completed plans for the drive, October 25-November 5.

The drive will open with a parade which will form at the Bay High School at 2:30 p. m. Monday, Oct. 25.

The parade will proceed out Carroll avenue down Beach Boulevard to Union Street to Second street, out Second to the school where it will disband.

Members of all units of Civilian Defense are requested to be at the school at 2:30 to participate in the parade and are asked to wear their arm bands.

Attention All Citizens! Workers will call on you for your contribution—so please have it ready so as not to necessitate a second call.

Remember these are volunteer workers and should be given every consideration. They are as busy as you so give freely, give quickly, give cheerfully and save your time as well as the time of the workers.

The National War Fund was created to finance all civilian war relief activities on the home front and in combat areas except the Red Cross.

The recognized and approved relief agencies, serving both occupied and unoccupied territory in Allied countries that are served through the NWF are USO, United Seamen's Service, War Prisoners' Aid, Belgian War Relief Society, British War Relief Society, French Relief Fund, Friends of Luxembourg, Greek War Relief Association, Norwegian Relief, Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, United Czechoslovak Relief, United Yugoslav Relief Fund, Refugee Relief Trustees, U. S. Committee Care of European Children.

George C. Wallace, president of state NWF says "Instead of coming to us by one or two help, they have all agreed to let us help them by giving only once—to the NWF. Certainly our support of these agencies will help win the war sooner and with a minimum loss of life."

"It is important to remember, also, that when we give to the NWF we give to our needy at home and to our own boys at the front. Therefore, I urge that citizens make their contributions to the NWF generous. Mississippi will not fail her obligations to suffering humanity, at home or abroad. We will do our part to help with the war, just as we have done before."

No war can be won without weapons of defense and the important weapon is morale—so give to NWF to keep up the morale of our men. You cannot be behind the lines but your money can be there; you can't contact all of our uniformed men but your money can carry messages of cheer to them.

When you bought bonds in the Third War Loan you invested your money against a time when you needed it but in giving to the NWF you are helping to maintain the United Nations front, the home front and the military front.

In giving to the NWF you not only bring cheer and courage to the armed forces but you help the many children who are denied the security of home life—some made homeless because of the war—some orphaned because of the fighting forces. A soldier give his best if he feels that his family is not being taken care of.

There are all reasons why you should give; there are none why you shouldn't.

The National quota is \$125,000,000. The quota for Hancock County is \$3400. The quota for Bay St. Louis is \$1900.

These must be met between October 25 to November 5.

Meeting Of Bay-Waveland Garden Club

The Bay-Waveland Garden Club met on Thursday, October 14 at the home of Mrs. J. Roland Weston with Mrs. Leo Seal and Mrs. Harry C. Weston. The meeting marked the fifth anniversary of the club's organization and was in the nature of a birthday party as well as the regular business meeting.

The reception rooms of the house were bright with fall flowers and the hostesses wore lovely fall model afternoon gowns. Mrs. Kiefer, the president, presided and was very stumping in a black afternoon frock.

Mrs. Kiefer gave a brief resume of the achievements of the club since its organization and called the roll of the first meeting and each charter member was presented with a corsage.

Mrs. Kenneth Knoblock, program chairman, read a letter from James Rester whose expenses were paid by the club to the conservation school and in which he expressed his appreciation of this opportunity being offered him by the club and told of the benefits derived from the course.

Mrs. Knoblock called attention to the fact that this is the only club in the state to defray the expenses of a boy at this school and that this is the third boy to have been sent.

Mrs. Knoblock then introduced Mrs. Warwick Aiken who addressed the group on the subject of "Gardens of the Bible" which was most interesting and informative.

Mrs. L. T. Boyd was presented with a corsage of war stamps for having had the most outstanding display of the year. Miss Lucy Richardson last year's program chairman was presented with a framed plaque with the inscription "In appreciation of the splendid work done on our scrap book."

In the dining room a beautifully appointed lace covered table was centered with a three-tiered birthday cake. At either end of the table Mrs. George R. Rea and Mrs. Leo Seal, past presidents, poured coffee and Mrs. Kiefer cut the cake which was served with coffee.

As human as home

WE want you to think of the L & N Railroad as a personal, friendly institution—not just steel rails, monster bridges, huge shops, big buildings, long trains and fast, powerful locomotives. That is but the physical picture. The "Old Reliable" is far more than that.

It is private and free enterprise, performing an essential public service. It is a half billion dollar investment of about 8,000 stockholders... now distributing about \$66,000,000 in good wages to 31,000 employees and purchasing about \$40,000,000 of equipment and supplies per year. Thus it quickens the commercial life of every community it serves by aiding alike the farmer, merchant, businessman and laborer.

During peacetime, the L & N performs a necessary public transportation service. In the present war, still under private ownership, it has proven even more important, capable and dependable. As compared with World War I, it is performing a phenomenal and much greater service. At no time has any other agency done so much to develop its territory. It is the

largest taxpayer in many counties and hence is a major support of schools and functions of government. Its management and extensive organization are sons of the South, who are intensely serious in aiding Southern development.

The L & N is as personal and human as its local agent, its trainmen, its officers... as their children who play in your streets and who go to your churches and schools... as all its employees who strive to be good citizens and neighbors, who serve tirelessly to meet the war's transportation job and whose 3,000 sons are at the fighting front.

When the war is won, the "Old Reliable" and its employees will work to make a better railroad, to serve you modernly and to aid in the South's inevitable growth. Its purpose and achievement point high. It is both your capable servant and friendly neighbor.

One Job Well Done Begets Another

THERE'S no satisfaction in all the world like the feeling of having done a job well—of being able to see the results of your work. This is one thing that all producers of useful things have in common.

And those of us whose job is production—whether of goods on farms and in factories, or of services in stores and banks and utilities—can best see the results of our work in the high standard of living which we have helped to create in America. For this standard is built on our ability to produce more per person than any other nation on earth. And the people of every country, who are looking hopefully to us for food and weapons, can count on America because it has this great productive might.

After the war is over? Many people are talking about a richer life for all of us then. And they're right! For that richer life will be brought about, not by promises, but by hard work on the part of America's producers. And they—those who grow and make and do things—can do this post-war job better if they work together and understand each other. General Electric Co., Schenectady, N. Y.

From where I sit...

by Joe Marsh

One of the best-liked farmers in these parts is Bert Childers. And he has the best way of beating the man shortage, too. Come husking time, Bert invites all of his farmer neighbors over to have a glass of beer. When they ask, politely, "Where's the beer?" Bert points to a bucket-full of frothy bottles in the middle of the field. "All you got to do," he says, "is work your way out to it." Well, Bert's idea has caught on all over the countryside.

Folks are pitching in to help their neighbors harvest grain, and fruit, and vegetables—and are taking their reward in sociability when the job's done. And from where I sit, that's a mighty healthy picture of American life—people working together to get in the food this country needs—and afterwards, sittin' around like good friends, over a moderate glass of wholesome beer. I'm for it!

SUNDAY-MONDAY
"HIT THE ICE"

Theater Opens Sunday At
2:30 P. M.—Abbott, Costello Wow Fans.

Loaded and overflowing with new comedy situations, Abbott and Costello's latest Universal funfilm, "Hit the Ice," will be shown Sunday and Monday at Ortte Theatre. The picture, decidedly the funniest in which the two champion comedians have appeared, has an all-out action plot and a group of skilled performers. "Ginny Simms," outstanding radio star, leads the supporting cast, which includes Patric Knowles, Elyse Knox and Marc Lawrence. A special musical attraction is the appearance of Johnny Long and his orchestra.

Bud and Lou are seen as candid camera photographers. Knowles portrays a doctor romantically inclined toward Miss Knox who appears as a trained nurse. Miss Simms and the Long orchestra are entertainers in a novel resort where much of the story's surprising action takes place.

Other backgrounds for the picture's hilarious plot include a hospital, a swank mountain hideaway and a bank. It is in the latter institution where the candid camera boys secure photographs of an exciting robbery. Possessing negatives which identify the veggie, the two lads are in dire peril until Costello reverses the situation with a stroke of ingenious heroism. He becomes a human snowball which overwhelms the crooks.

"HEAVEN CAN WAIT"

Shows Gay Guys 'N Gals
Gay '90s!

"That Lubitsch touch" has become that "Lubitsch wallop!"

That's the word that has preceded "Heaven Can Wait," the new Ernst Lubitsch production, into town and the A. & G. Theater, where it is scheduled to open next Sunday and Monday with Gene Tierney and Don Ameche heading an impressive cast. Hailed as a saucy, sparkling story of the naughty, nifty nineties, "Heaven Can Wait" gives a peek through the keyhole at what made the gay old days so gay. Sparkling with forbidden adventure and stolen romance, the film reveals what went on after the ball was over—and the gas lights went out!

Lubitsch, according to those who have previewed the picture, has outdone himself—and in Hollywood the phrase has now been changed to the "Lubitsch wallop!"

The studio did everything in its power to make "Heaven Can Wait" one of the top pictures of the year. Lubitsch had owned the screen rights to the play for years, a play that had been a big European hit under the title of "Birthday." When it became known that the studio was willing to make the picture on the scale the story warranted, Lubitsch put in a call for many of the biggest players in Hollywood—and got them!
